Women Ministries' logo symbolizes its two core values:
Connecting women in transformational relationships and uniting them in Christ to impact their world. The figures suggest that connection and repeat the letters W and M; the extensions on each end open wide to reach out as the Spirit leads us. Through that same connectedness, women partner together to make a difference in their world. The figures' heads are the same as those of the denomination's logo, suggesting an integration into the whole.
